## FANTASTIC OPPORTUNITY FOR AN ARCHITECTURAL TECHNICIAN

THE ROLE: Working for a thriving and growing company of over 140 employees, in the beautiful County of Herefordshire. Due to our ongoing success, we are in search of a keen and perceptive joinery coordinator, with experience of construction and an ability to communicate drawn, written, and verbal information. You should have a willing attitude to learn our product range, and be able to strongly liaise with clients and colleagues.

You will be working on the Building Regulations detailing and joinery selection, scheduling, and detailing for our Clients dream homes - bespoke residential new-build projects of approx. 2000-8000sqft. The houses are built off-site using our German-engineered CNC-machinery, cutting stunning oak frames, and erected on site by our carpenters, creating instant character and timeless Architecture, all using our highly energy efficient and sustainable encapsulation systems, and indeed now using installing joinery from partner manufacturers.

IN RETURN: A permanent position that offers great long-term prospects, with a strong and stable, growing company. In return, you will get immense job satisfaction in seeing the houses built with joinery installed that you helped design and guide, working alongside a team of talented in-house Architects, frame designers, and wider departments including on site construction and carpenters. Salary £25,000 to £42,000 DOE.

TO SUCCEED: We are looking for a person who is willing to listen and learn. You will be a strong link to our Architecture, Estimating, Projects and Site Departments. Strong verbal, written and drawn communication is key. You must have a keen eye for detail and be able to quality assure drawings well. Good sales and liaison ability would be desirable. You should understand drawn details and to write schedules. You would ideally be conversant in AutoCAD and Sketchup, and work with manufacturers details.
